## Lone Star Murder Mystery Dinner and Show

*January 13 & 27*

### *Billy Bob's Texas*

Stop that train! The railroad tycoon, Horace Grimsby has been murdered and a deadly gunslinger is in town. This can't be a good combination and it's got Marshal Jim Courtright more nervous than a long-tailed cat in a room full of rocking chairs. Homicidal Hank, the hitman for hire, ain't the only suspect. There's also Buffalo Joe, a buffalo hunter (hence the name) that's spent a little too much time ridin' the range; Catastrophe Kate who's the local cattle rancher with a serious grudge against mules; and Sissy Mae Prissbottom, a writer of genteel poetry for ladies with a secret to hide. Tarnation! This zany cast of characters is more volatile than a case of nitro on a runaway wagon. If all heck breaks loose, and it probably will, it's your job to help Marshal Courtright figure out who dunnit. So polish your spurs and grab your guns 'cause the laughs are about to fly like bullets. For more information and to purchase tickets visit [www.fortworth.com/event/lone-star-murder-mystery-dinner-%26-show/35374](http://www.fortworth.com/event/lone-star-murder-mystery-dinner-%26-show/35374).

## Bonnard's World's

*Through January 28*

### *Kimball Art Museum*

In Bonnard's Worlds, the Kimbell Art Museum presents its first exhibition dedicated to the works of French painter Pierre Bonnard (1867–1947), inspired by its 2018 acquisition of the artist's Landscape at Le Cannel (1928). As an artist, Bonnard found inspiration in the natural spaces, intimate interiors, and people that surrounded him in his homes and on his travels through Paris, Normandy, and the French Riviera. Through his paintings—glowing with intense colors and flooded with light—he invites us all into the most fascinating corners of these worlds. The first major exhibition of Bonnard's paintings in Texas in nearly forty years, Bonnard's Worlds explores the sensory realms of experience that fueled the painter's creative practice—from the most public spaces to the most private. Reuniting seventy of Bonnard's finest paintings, created over the course of his career, the exhibition includes some of the artist's most celebrated works from museums in Europe and the United States as well as many that are unfamiliar to the public from private collections around the world. Governed neither by chronology nor geography, but by measures of intimacy, the exhibition transports visitors from the larger realms in which Bonnard lived to the most private interior spaces of his dwellings and of his thoughts. For more information, visit [www.kimbellart.org/bonnards-worlds](http://www.kimbellart.org/bonnards-worlds).
